

Step no 1

The screenshot shows the Microsoft Azure Container Instances page. At the top, there's a navigation bar with 'Microsoft Azure' and a search bar. Below it, the 'Container instances' section is visible, showing a large 'No container instances to display' message with a cloud icon. There are buttons for '+ Create' and 'Learn more'. At the bottom, there's a note about displaying 1-0 instances and a 'Give feedback' link.

Step no 2

The screenshot shows the 'Create container instance' wizard. Step 1: 'Run with Azure Spot discount'. It has a checkbox for 'Run with Azure Spot discount' which is unchecked. Below it, there's a note about spot containers being unavailable in the selected region. Step 2: 'Image type'. It has radio buttons for 'Public' (selected) and 'Private'. Step 3: 'Image'. A text input field contains 'nginx', with a note below stating that if not specified, Docker Hub will be used. Step 4: 'OS type'. Radio buttons for 'Linux' (selected) and 'Windows' are shown, with a note that the selection must match the OS of the image. Step 5: 'Size'. A dropdown menu shows '1 vcpu, 1.5 GB memory, 0 gpus' and a 'Change size' option. At the bottom, there are 'Review + create' and 'Next : Networking >' buttons, along with a 'Give feedback' link.

Step no 3

The screenshot shows the 'Create container instance' wizard in the Microsoft Azure portal. The 'Review + create' tab is selected. A green validation bar at the top indicates 'Validation passed'. The 'Basics' section displays the following configuration:

Setting	Value
Subscription	Azure subscription 1
Resource group	Lab-RG
Region	East US
Container name	labcontainer
SKU	Standard
Image type	Public
Image	nginx
OS type	Linux
Memory (GiB)	1.5
Number of CPU cores	1

At the bottom, there are buttons for 'Create', '< Previous' and 'Next >', 'Download a template for automation', and 'Give feedback'.

Step no 4

The screenshot shows the 'Overview' page for a deployment named 'NoMarketplace-20260111231320'. The main heading states 'Deployment is in progress'. Key deployment details are listed:

- Deployment name: NoMarketplace-202601112313...
- Start time: 1/11/2026, 11:18:50 PM
- Subscription: Azure subscription 1
- Correlation ID: 9867bab...
Resource group: Lab-RG

The 'Deployment details' section shows a table:

Resource	Type	Status	Operation
WorkspaceDeploy	Deployment	Created	Operation

On the right side of the page, there are promotional links for Microsoft Defender for Cloud, Microsoft tutorials, and Azure experts.
